

Data sheet

Jubilee Clip-Stainless Steel

Function: The stainless steel Jubilee Clip pipe clamp is made from a pressed ring band with rounded edges to prevent damage to the shank of the collar. The Jubilee Clip is used to fit around collars and to circular bends / sleeves / joint sealers connected to the spigot pipes of Wallbarn drainage outlets.
Place around the circular surface and turn the key using a screwdriver to tighten the strap. It is made from AISI 304 grade stainless steel to ensure long term durability and clamping properties over the long term.

Compatibility: The pipe clamps can be used with any kind of round collar.

Range: DN 8-12 - DN 10-16 - DN 12-22 - DN 25-40 - DN 32-50 - DN 40-60 - DN 50-70 - DN 70-90 - DN 80-100 - DN 110-130 - DN 120-140 - DN 140-160

Material: Stainless Steel AISI 304.

Performance: Good corrosion resistance (salt spray min 240 h) W4 AISI 304.

Operating Temperature: N/A

Included accessories: N/A

Recycled Product: No

Optional accessories: N/A

Recyclable Product: No

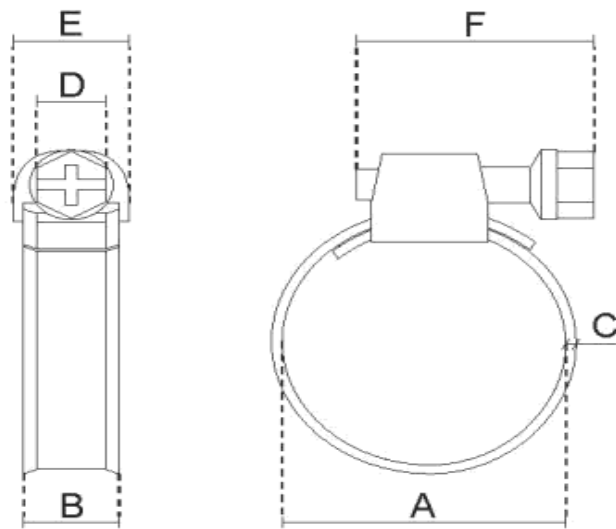

Additional Information:

Testing and tightening torques in accordance with DIN 3017:
Pair of use 3 + 0.5 Nm

Test torque 4 Nm
 Screwing-load 0.7 Nm
 Hex screw, 7 mm wrench.
