

Wallbarn - Technical Datasheet

PVC Collar - H90mm

Product Description

The collars in PVC are designed to connect prefabricated synthetic PVC roofing felts with possible through pipes. They are fitted with a smooth flange to improve welding to the prefabricated PVC roofing felts. A slightly conical shape enables installation in through pipes.

Compatibility

They are compatible with prefabricated PVC felts/membranes.

Performance

Resistant to deterioration by the sun, ozone and normal atmospheric conditions. They have excellent flexibility even at low temperatures and will not become brittle. The mechanical properties are maintained in the long term.

Operating Temperatures

-20°C; +75°C

Recycled Product

No

Material

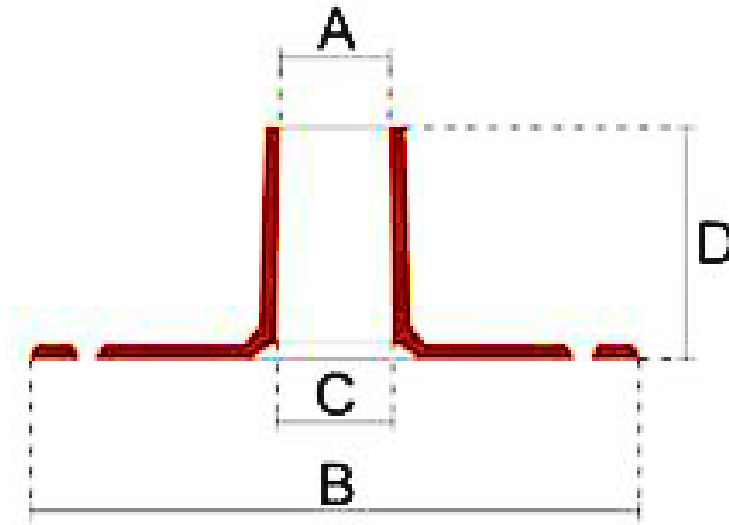

PVC

Recyclable

Yes
