Corner Perimeter Side Clip Kit

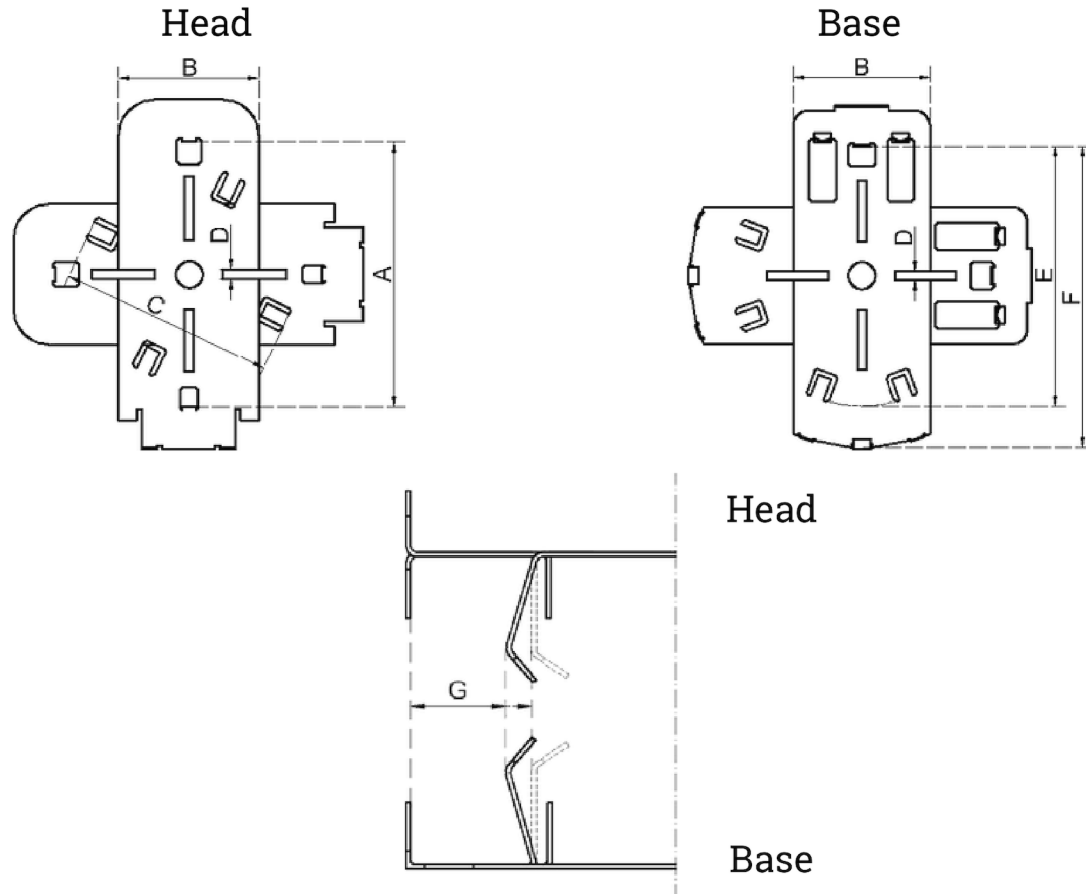

FUNCTION	The Corner Side Clip Kit is manufactured from stainless steel and specifically designed to provide support for vertical tiles on outdoor raised floors, particularly for the infill of steps and corner perimeter edges. This kit includes two Perimeter Side Clips, each rotated by 90 degrees, which are overlapped and securely joined together through spot welding.
COMPATABILITY	Compatible with Universal, Balance and Mega Balance range of pedestals (with 2mm & 4mm Lugs on headpiece)
HEADPIECE COMPATABILITY	The perimeter Side clip Kit is suitable for heads Ø 150mm. If it is used on heads Ø 120mm, the special fins needs to be bent.
RECYCLED	No
RECYCLABLE	Yes
MATERIAL	AISI 316 BA finish - This grade is notable for its excellent resistance to corrosion and particularly its efficacy in salt-water and harsh environments.
THICKNESS	The head & base plates are 1.6mm thick each and this needs to be added to the overall height when planning.
